Consideration/Discussion/Action on the Request by Cross Engineering Consultants, Inc., on Behalf of McKinney Christian Academy, for Approval of a Request to Rezone Approximately 59.98 Acres, from "PD" - Planned Development District to "PD" - Planned Development District, Generally to Modify the Development Standards, Located on the South Side of Bois D'Arc Road and Approximately 800 Feet West of Jordan Road, and Accompanying Ordinance. Planning Director Jennifer Cox presented McKinney Christian Academy's request to rezone the property to remove the time limit on use of portable buildings. Ms. Cox stated that the applicant currently has 6 permanent and 8 portable buildings and is requesting to add 3 additional portable buildings. In 2004, the subject property was rezoned to allow the six portable buildings until July, 2011. They have notified staff that they do not intend to remove the portable buildings by the July 1, 2011 deadline and are requesting to utilize portables indefinitely and they are requesting administrative approval for future changes or extensions. Staff is uncomfortable with both components of the request and would recommend that the use of portables be extended for an additional 5 years which would allow additional time for fundraising and planning for permanent buildings. The Planning and Zoning Commission recommended a 10 year extension. Ms. Cox stated that visibility from the street is almost non-existent. Currently the school enrolls 475 students. Council member Day made the comment that the school has been in McKinney for decades and he wouldn't have problem granting the request indefinitely. Mr. John David Cross, 106 Louisiana, McKinney, stated that his kids attend the school and are in the portable buildings. Ms. Cox stated that the existing buildings are 51,359 square feet. Applicant, Mr. Keith Bollinger, 3601 Bois D'Arc Road, McKinney, stated that he would like to have this extension to allow the school to add a directed studies program. Due to current economic situations they are not able to build any additional

buildings at this time. Mr. Bollinger stated that they have spent approximately \$10 million on the property including the permanent and portable buildings. Mr. Bollinger stated that there is opened space on the south part of the property but the open space on the north part is a flood plain and is being used for athletic fields. Council unanimously approved the motion by Council member Ricchi, seconded by Council member Ussery, to approve the Ordinance rezoning approximately 59.98 acres, from "PD" - Planned Development District to "PD" - Planned Development District, generally to modify the development standards, located on the south side of Bois D'Arc Road and approximately 800 feet west of Jordan Road, with the following conditions: use and development of the subject property shall conform to Section 146-71 of the Zoning Ordinance, "RS 84" - Single Family Residence District, and as amended, except as follows: A maximum of 11 portable buildings be allowed on the subject property generally in the locations shown on the zoning exhibit and the 11 portable buildings be allowed on the subject property indefinitely. 10-126Z Mayor Loughmiller called for a Public Hearing for Consideration/Discussion/Action on the Request by CB Jeni Homes, on Behalf of Valliance Bank, for Approval of a Request to Rezone Approximately 3.97 Acres from "PD" - Planned Development District and

"REC" - Regional Employment Center Overlay District to "PD" - Planned Development District and "REC" - Regional Employment Center Overlay District, Generally to Modify the Development Standards, Located Generally on the Southwest Corner of Fort Buckner Drive and Chickasaw Trail and on the East and West Sides of Rowlett Creek Way, Between Chief Spotted Tail Drive and Kickapoo Drive, and Accompanying Ordinance. Planning Director Jennifer Cox stated that the applicant is requesting to rezone 6-1/2 blocks within the Settlement at Craig Ranch to allow 3 unit townhome buildings rather than 4 unit townhome buildings as required by the "REC" – Regional Employment Center Overlay District. She stated that there was a similar rezoning request back in May of 2006 for the Pecan Park development. Ms. Cox stated that the applicant indicated that a 2 story townhome product is not as marketable as a 1 story townhome product and that they would like to build a larger 3 unit town-home rather than a 4 unit town-home within the same block. Ms. Cox stated that Staff does not feel that the request will alter the character of the development or hinder the character of the "REC" – Regional Employment Center Overlay District and Staff recommends approval. Ms. Cox stated that the density would decrease. Applicant, Mr. Bruno Pasquinelli, 4671 Cecile Road, Plano, stated that the 52 lots are approximately 26 feet wide and he would be building single story townhomes approximately 1,600 to 2,100 square feet with a base price of \$195,000 to \$230,000 that would be geared for empty nesters.
