Chairman Cox continued the meeting with the Regular Agenda Items and Public Hearings on the agenda.

17-148Z Conduct a Public Hearing to Consider/Discuss/Act on a Request to Rezone the Subject Property from "AG" - Agricultural District to "LI" - Light Industrial District, Located Approximately 955 Feet South of F.M. 546 and on the West Side of Country Lane

Ms. Danielle Quintanilla, Planner for the City of McKinney, explained the proposed rezoning request. She stated that the applicant is requesting to rezone approximately 6.1 acres from "AG" – Agricultural District to "LI" – Light Industrial District. Ms. Quintanilla stated that the subject property is wedged between industrial and manufacturing zoning to the north, east, and west. She stated that it was Staff's professional opinion that the rezoning request will complement and remain compatible with the existing and future land uses as the area is industrial in nature. Ms. Quintanilla stated that Staff recommends approval of the rezoning request and offered to answer questions. There were none.

Mr. Henry Lew, Progressive Waste Solutions, 2138 Country Lane, McKinney, TX, briefly explained the rezoning request. He stated that presently Waste Connections are located to the north and west of the subject property. Mr. Lew stated that as McKinney grows they will need to expand their facility. He stated that they were looking into swapping approximately three acres with Mr. McCracken's property in the future. Mr. Lew stated that would be for the property that backs up to their recycle facility to allow for expansion in the future.

Chairman Cox opened the public hearing and called for comments. There being none, on a motion by Commission Member Mantzey, seconded by Commission Member Cobbel, the Commission unanimously voted to close the public hearing and recommend approval of the proposed rezoning request as recommended by Staff, with a vote of 6-0-0.

Chairman Cox stated that the recommendation of the Planning and Zoning Commission will be forwarded to the City Council meeting on July 18, 2017.

17-113Z Conduct a Public Hearing to Consider/Discuss/Act on a Request to Rezone the Subject Property from "C" - Planned Center District and "CC" - Corridor Commercial Overlay District to "C3" - Regional Commercial District, "LI" - Light Industrial District and "CC" - Corridor Commercial Overlay District, Located Approximately 1,875 Feet North of Wilmeth Road and

on the East Side of U.S. Highway 75 (Central Expressway)

Ms. Danielle Quintanilla, Planner for the City of McKinney, explained the proposed rezoning request. She stated that the applicant is requesting to rezone approximately 3.8 acres of land from “C” – Planned Center District and “CC” – Corridor Commercial Overlay District to “C3” – Regional Commercial District, “LI” – Light Industrial District, and “CC” – Corridor Commercial Overlay District to allow for commercial and industrial uses. Ms. Quintanilla stated that the applicant was requesting the western 2 acres of property to be rezoned to “C3” – Regional Commercial District. She stated that the applicant was requesting the eastern 1.8 acres of property to be rezoned to “LI” – Light Industrial District. Ms. Quintanilla stated that the property just to the north was rezoned in May 2017 to a similar zoning designation with “C3” – Regional Commercial District fronting onto U.S. Highway 75 (Central Expressway) and the eastern portion of the property being rezoned for “LI” – Light Industrial District. She stated that given that the frontage of U.S. Highway 75 (Central Expressway) would remain a commercial district, it was Staff’s professional opinion that the preservation of commercial uses would remain and the industrial uses to the east would be compatible with the Future Land Use Plan (FLUP) as well as provide a transition from commercial to the industrial uses to the east. Ms. Quintanilla stated that Staff recommends approval of the proposed rezoning request and offered to answer questions. There were none.

Commission Member Smith stated that she agreed with the Staff recommendation. She stated that she was glad to see commercial fronting U.S. Highway 75 (Central Expressway). Commission Member Smith stated that the industrial use to the east would be a good transition use.

Mr. Dan Classeen, 15380 County Road 1100, Blue Ridge, TX, stated that he was proposing to build a first class flex space, office complex. He stated that the reason for the split zoning was there were a few uses not permitted in the “C3” – Regional Commercial District that some of the tenants might need to use. Mr. Classeen stated that the design of the complex would be consistent throughout. He stated that it would be difficult to notice a transition between the zoning districts and that all of the complexes

will be built to the “C3” – Regional Commercial District standards. Mr. Classeen thanked Staff for their help with this request and offered to answer questions.

Chairman Cox asked what some of the proposed uses might be on the “C3” – Regional Commercial District portion of the property. Mr. Classeen stated that he was talking with national companies that were looking for distribution centers and show rooms. He stated that the address on U.S. Highway 75 (Central Expressway) was a big draw for proposed development.

Chairman Cox opened the public hearing and called for comments. There being none, on a motion by Commission Member Smith, seconded by Commission Member McCall, the Commission unanimously voted to close the public hearing and recommends approval of the proposed rezoning request as recommended by Staff, with a vote of 6-0-0.

Ms. Danielle Quintanilla, Planner I for the City of McKinney, explained the proposed minor replat. She stated that the applicant was requesting to subdivide approximately 2.23 acres into two lots. Ms. Quintanilla stated that lot 2R, on the north half of the property, will be for a retail building. She stated that lot 3 will be for a Montessori Academy. Ms. Quintanilla stated that the associated site plan for this property was approved in March 2017. She stated that the plat meets all of the requirements of the Subdivision Ordinance. was not present at the meeting. He felt that the property owner was in agreement with the conditions listed in the Staff Report.

Chairman Cox opened the public hearing and called for comments. There being none, on a motion by Commission Member Cobbel, seconded by Commission Member McCall, the Commission unanimously voted to close the public hearing and approve the minor replat as conditioned in the Staff Report, with a vote of 6-0-0.

17-108PFR Conduct a Public Hearing to Consider/Discuss/Act on a Preliminary-Final Replat for Common Area C-1R, Block C, of the Vineyards Phase 1, Located Approximately 220 Feet South of Collin McKinney Parkway and on the East Side of Azeneth Avenue

Ms. Melissa Spriegel, Planner I for the City of McKinney, explained the proposed preliminary-final replat. She stated that the applicant was requesting to combine three single family residential lots, a common area, and a portion of unplatted property, approximately 1.23 acres, into one common area. Commission Member Smith wanted to clarify that the adjacent subdivision did not currently have an amenity center. Ms. Spriegel stated that was correct.

Mr. Martin Sanchez, Sanchez and Associates, LLC, 2000 N. McDonald Street, McKinney, TX, explained the proposed preliminary-final replat and gave a briefly history of the development. He stated that working with Staff had been fantastic. Mr. Sanchez requested approval of the request and offered to answer questions.

Chairman Cox stated that it looks like a quality development. He asked Mr. Sanchez how this would benefit the area. Mr. Sanchez stated that they would be able to connect Collin McKinney Parkway from Stacy Road out to Lake Forest Drive. He stated that it would improve both the transportation system and circulation in the area. Mr. Sanchez stated that it would be a high quality development.

Chairman Cox opened the public hearing and called for comments.
